## 5<sup>th</sup> INTERNATIONAL SCIENTIFIC-PRACTICAL CONFERENCE

### EVIDENCE-BASED PRACTICE: FROM HEALTH TO SOCIAL WELL-BEING

9 April 2025  
Utena

#### Aims of the conference

- To bring together academics, researchers and practitioners in order to promote practical interprofessional collaboration of evidence-based practice.
- To share own experiences, reliable evidences and new ideas.

We invite you to discuss the most pressing issues in healthcare and social well-being, emphasizing the importance of evidence-based solutions in the context of an aging society and the application of modern digital tools to improve service quality and accessibility.

#### These topics to be discussed during the conference

1. **Evidence-Based Practice for an Aging Society: Integration of Health and Social Well-Being** (*One of the key themes of the conference, focusing on sharing the latest research and practical examples to address the challenges of health and social well-being for older adults.*)
2. **Evidence-Based Practice: Application of Digitalization in Practical Activities** (*This theme is oriented towards the application of technologies and innovations in healthcare and social care. It will explore modern digital tools and their potential to enhance service quality and accessibility.*)
3. **Evidence-Based Practice: Student Experiences** (*Dedicated to the dissemination of students' research results, providing them with an opportunity to present their contributions to the fields of health and social well-being.*)

**Conference venue:** Utena University of Applied Sciences, Faculty of Medicine

**Conference format:** face-to-face and remote will be possible

**Conference language:** English, Lithuanian

#### The conference is available to the following participants:

Teachers, students, dental professionals, nurses, physiotherapists, cosmetologists, social workers, information technology specialists and professionals working in other fields.
