

We kindly invite you to participate in the students' international scientific-practical conference

A COUNTRY THAT IS GOOD TO LIVE IN

19 April 2023

The aim of the conference is to encourage students to share the accumulated theoretical and practical knowledge, to present the results of research relevant to the conference topic, to share insights, experiences, and innovative ideas, and to initiate scientific discussions and dissemination of science.

The following are the themes of the conference:

- Safe and Healthy Environment;
- Usage of Innovative Technologies;
- Human Welfare and Social Responsibility;
- Social Work and Health.

Languages of the conference – English, Lithuanian.

Conference venue: Utena University of Applied Sciences (2 Utenis sq., Utena, Lithuania) and online.

The form of auditorium presentation is an oral presentation –10 min.

The articles of students together with supervisors (lecturers) that meet the established requirements will be published in the electronic version of the Utena University of Applied Sciences journal of peer-reviewed articles "*Insights. Young Researchers' Papers*"

Attendance at the conference is free.
